Required Attachment G: VOLUNTARY CONVERSION

February 27, 2003

The Sunland Park Housing Authority reviewed its development's operation as a public housing authority and considered the implications of converting the public housing to tenant-based assistance.

The PHA has concluded that the conversion of the development may be inappropriate at this time.

The Sunland Park area is considered being the second growing area in the State of New Mexico, grew 60% from the last census report. The new population arrivals are from the low-income residents of the neighboring El Paso, Texas and new eligible residents from Mexico with no established credit history and working with a minimum wage. Sunland Park has 5 apartment complexes: 1 complex with 35 units for senior citizens; 3 complex with 100 units for family and 1 complex with 40 units (housing authority) and they are maintained in good condition with a fair rent base. The Private apartments (homeowners) are the ones with very poor living conditions but still rents are in a high level due to the need of an apartment. Public housing might become the only affordable housing for many families.

A partnership between the City of Sunland Park Housing Authority and the Operation Walking Shield Program has formed to help improve the living conditions and the quality of life for the Colonias living on the border. We would welcome the opportunity to participate with the Operation Walking Shield Program in developing a New Sunland Park Colonia Community that would consist of 100 single family -elder housing units, road, sewer, water and electrical power infrastructure system to support the new community. The Sunland Park Housing Authority would seek to acquire between 30 -50 acres of undeveloped land. This program would let 100 resident families of Sunland Park become homeowners in a safe and sanitary home.

The population of Sunland Park, New Mexico is approximately 13,600
